7 WAYS TO STREAMLINE YOUR AUTO ENROLMENT PROCESS

1 Simplify your payroll process

Simplify your process from as many as 10 down to a simple 3 steps and automate processes where you can.

2 Overcome unsecure and inefficient communications

Reduce price, time taken and carbon footprint to process your communications and eradicate the possibility of leaking confidential information via unsecure communications.

3 Reduce the cost of your communications

Save up to £1.75 per payslip by taking advantage of electronic solutions allowing fast, effective and rapid delivering of payslips, P60s and pension contributions.

4 Prepare early and proactively

“Failing to prepare is preparing to fail”

This handy line can be used as a starting point to proactively manage your staging date and auto enrolment compliance.

5 Seek expert advice

There's no need to go it alone. Take advantage of the multitude of help and advice available to you.

6 Avoid non-compliance fines

Ensuring that you are fully-compliant with the legislation will ensure that you are not caught out by fines.

7 Take advantage of any special offers

Get in touch today to enquire about any special offers on the Payroll Hub AE™ solution.
